

ECOC6LPM & ECOC66CM

CAT6 Modules

Offering superior performance for your new or expanding Structured Cabling network, the new Category 6 UTP Modules from Connectors Cables Specialists is ideal for all your installation projects.

The ECOC6LPM & ECOC66CM are high quality ABS plastic standard fit data modules with performance up to Category 6. Pure white in colour they come with a spring-loaded shutter which fully protects the RJ45 socket from dust ingress and thus assuring good electric contact with the RJ45 Plug.

Fully TIA-ETA-568A/B compatible and ideal for both Voice and Data applications up to 100BaseT (Gigabit Ethernet). These modules come with a 'windowed' ID system allowing either hand-written or automated numbering of the outlet. They come complete with rear cable management tidy.

Specifications

- Certified Category 6 UTP Data Module
- Fast Ethernet, Gigabit Ethernet compliant
- 350MHz Frequency for future Protocol support
- ANSI/TIA-569B compliant, exceeding ISO-11801
- Low NEXT and Attenuation for improved signal quality
- Colour coded 568-A/B rear Krone® IDC: 22-26 Solid AWG
- High quality UTP 8-wire RJ45 socket with ID Window
- Spring-loaded shutter for dust ingress protection
- Fully backward 10BaseT, 100BaseT, ATM155 complaint
- Comes with Cable Tidy
- Approx. Dimensions ECOC5ELPM 25mm x 50mm
- Approx. Dimensions ECOC5E6CM 25MM X 37MM

Part of the Synthesis 25-Year System Warranty
