

ECOC5EPP24

24 port CAT5e UTP Patch Panel

Offering superior performance for your new or expanding Structured Cabling network, the new Category 5e UTP Patch Panel from Connectors Cables Specialists is ideal for all your installation projects.

The ECOC5EPP24 is a fully metal designed panel with performance up to Category 5e (enhanced). With a black, semi-gloss finish the Patch Panel comes with high-quality standard IDC terminations to allow a high amount of re-terminations using multiple size AWG data cables.

Fully TIA-ETIA-568A/B compatible and ideal for both Voice and Data applications up to 100BaseT (Gigabit Ethernet), quality is further proven with the addition of Gold over Nickel plated jack contacts and fully enclosed connection PCBs to further reduce interference and increase over Signal quality margins to help get the most of your future network requirements.

Specifications

- 24-Port UTP Category 5e Patch Panel
- Standard 19" wide, 1U high for Enclosures
- 150MHz Frequency for future Protocol support
- ANSI/TIA-568A/B compliant, exceeding ISO-11801
- ISO/IEC11801 and EN50173 Category 5e compliant
- Low NEXT and Attenuation for improved signal quality
- Colour coded 568-A/B rear Krone IDC: 22-26 Solid AWG
- Gold over Nickel RJ45 plated improved contacts
- Rear IDC connection Block, KATT (2a tool) type
- Port Numbering with Black power coat
- Ideal for Data, Telco and Multimedia

Part of the Synthesis 25-Year System Warranty
